

IMPORTANT CURBSIDE PICK-UP INSTRUCTIONS:

UPON ARRIVAL:

We offer complimentary parking for 5 minutes for all pre-ordered cake pickups. Please contact the store at (213) 322-2060, and a staff member will assist you with your order.

CURBSIDE PICKUP ADDRESS:

3450 West 6th Street #107 Los Angeles, CA 90020

- ARRIVAL TIME: Please arrive at the exact time of your reserved pickup slot. Avoid coming earlier or later, as our cakes are freshly prepared for each customer's designated time. Arriving early will delay your cake's readiness, and arriving late will inconvenience the next customer. Your punctuality is greatly appreciated.
- TRANSPORTATION: If you plan to drive for more than 30 minutes after pickup, it is advisable to bring an icebox or ice bag. Ensure your cake is placed on a flat surface in the car's footwell or held by a passenger. Drive cautiously, avoiding sudden stops and turns.
- TEMPERATURE: Keep your cake in an air-conditioned vehicle away from direct sunlight to prevent melting or loss of shape.
- REFRIGERATION: Store the cake in a refrigerator within an hour of pickup and keep it refrigerated until serving.
- CONSUMPTION: We recommend consuming our cakes within one day for the best taste, texture, and quality. It's ideal to serve the cake cold.
- QUALITY: Cake flavor and texture vary based on individual preference, and storage conditions also affect it. Rest assured; we ensure that every cake we provide meets our quality standards.
- CHECK YOUR ORDER: The recipient is responsible for verifying the cake's order specifications (decorations, writing, candles) upon pickup. We cannot be held responsible for any damage that occurs after the pickup is completed.

to keep our cake fresh and yummy,
please **do not...**

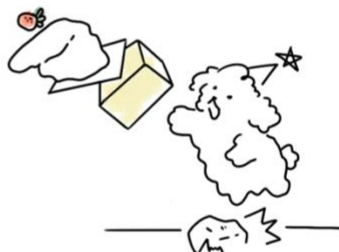

tilt the cake

drive reckless

expose to sun

run with cake

leave in room temp

store more than
two days
